

LATEST ALLIED NOTE TO WILSON MADE PUBLIC

Adriatic Dispute First Discussed by Premiers

REPLY NOT MADE PUBLIC

(By The Associated Press)

WASHINGTON, March 5.—The text of the note from the French and British premiers on the Adriatic situation, to which President Wilson's reply was delivered in London today, was made public tonight by the state department. It conforms closely to the summary cabled from London, Feb. 17, and emphasizes the importance attached by the premiers to the fact that Mr. Wilson had previously "expressed his willingness" to accept a settlement arrived at by direct negotiations between Italy and Jugoslavia. It has been assumed here that the reply will be found on public attention to deal mainly with the invitation of the premier to join the negotiations, and that he join them informally proposing such negotiations to the Italian and Jugoslav governments. No intimation of his answer, however, has been given out and owing to the fact that it was necessary for the president's most recent note to reach Premier Millerand in France, it will not be made public until Saturday. The premier's note reiterating that they have never had the intention of making a definite settlement of the questions raised without obtaining the views of the American government, adds that the further explanation of these views "contained in the president's memorandum, is for them of the greatest interest and importance."

Appreciate U. S. Interest
"All the more so," the note continues, "since it shows that the United States government does not wish to disinterest itself from the general question of peace."

At this point comes the statement that "the absence of an American representative from their deliberations had proved 'an almost insurmountable obstacle' to successful adjustment of the 'legitimate, conflicting, aspirations of the Italian and Jugoslav peoples.'"

In expressing agreement that direct negotiations between "those peoples" would be the ideal way of settling the question the premiers said they were ready to withdraw their settlement proposals of Dec. 9 and January 20, as they felt "that if the two parties principally concerned believe that the various allied and associated powers are committed to supporting them in any particular solution it will be more difficult to secure a voucher for agreement between them."

In accordance with this feeling, President Wilson was invited to join the premiers in proposing that the state be wiped clean of all previous settlement proposals and that Italy and Jugoslavia "negotiate by mutual agreement" on the basis of the Wilsonian stipulation that their settlement by direct negotiation be acceptable to him provided its terms were not framed at the expense of the nationals of a third power was duly noted by the premiers who said:

The Albanian People
"The French and British prime ministers desire further to reiterate the wording of appreciation of the interest taken by the American government in the future of the Albanian people and they assure President Wilson that they share to the full respect for the principle he here enunciates. They would state that by a review of the Albanian question a settlement can be reached which will satisfy the aspirations of the Albanian people for full self government, while taking into consideration the vital interests of all other parties concerned together with the necessity of assuring to Jugoslavia an outlet on the Adriatic in the region of Scutari. They are willing to urge upon the governments interested that they should bring their desires into line with the American joint view. The premiers reiterate that the treaty of London with Italy was kept secret for military reasons only and with regard to their statement that should no amicable adjustment on the Adriatic be possible, it would have to come into force, say their memorandum of Feb. 14, covers this fully."

In this connection, however, the note says:
"The Italian government has conducted most loyally and consistently with the French and British governments an endeavor to substitute for the arrangements for the treaty of London a settlement which would be satisfactory alike to them and to Jugoslavia. Such an agreement would obviously replace and annul the treaty of London with the consent of Italy herself, that such an agreement should be reached is the cordial hope of all the allied governments, and hence the new President Wilson shares to the full, but they cannot disguise the fact that should no voluntary settlement of this kind

STEDMAN MAKES FINAL PLEA FOR NEW YORK SOCIALISTS

Brown Will Conclude Sase or Prosecution Next Tuesday

(By The Associated Press)

ALBANY, N. Y., March 5.—The last word in behalf of the five Socialist members of the state assembly who have been under investigation by the assembly judiciary committee, was spoken today.
"You take your chance in presenting your view to the people," said Seymour Stedman, their counsel, in concluding his speech. "We take ours, feeling that the mass intellect of this country, with all the facts before it, will ultimately arrive at the correct solution. That is the faith of the Socialist—the faith in ideals of Americanism—deed, solid and heartfelt. That is what we believe in. And, gentlemen, basically, that is what you believe in and it is in that belief that we have our hopes and our just expectancy for the seating of these assembliesmen."

The investigation was adjourned until next Tuesday when Elton R. Brown, former state senator will conclude for the prosecution and the case will go to the committee.

Legal phases of the proceedings were discussed minutely by Mr. Stedman. He read into the records speeches by Eugene V. Debs, recited court proceedings in his case as well as in the trials of other members of the Socialist party and declared that nowhere have we any record like that presented here. These five assembliesmen had sworn to support the constitution as each understood it and that "the Socialist party and its members did not carry on obstruction to the actual existence and execution of a war program."

Attacking the address of Martin Conboy of committee counsel, Stedman declared that in reality to statements that the Socialists were a party of "perpetual traitors" that "there has been no persecution sustained for the issuing of that document, the proclamation and war program, and that if it had been treasonable some persecution would have taken place."

Defending Stedman said it "is not inconsistent with American institutions and government, and that it is made for the utility of the race."

Taking up the statement of Mr. Conboy that the committee should oust the assembliesmen for offenses of the party, Mr. Stedman declared that "they should be seated because the only basis by which you can pass upon this case is to pass on each individual respectively."

In reply to a charge by Mr. Conboy that Socialists will not support or defend this country Mr. Stedman declared that "a man will defend in the last analysis, what is to his economic interest—the economic interest of the great mass of people is right in this country. The people who have their homes here, in the last analysis will fight for those homes."

BLIZZARD PASSES INTO THE ATLANTIC

WASHINGTON, March 5.—The storm of almost blizzard proportions which swept over the country from the northwest, apparently had plunged out into the Atlantic tonight, leaving a trail of stranded shipping in its wake. Reports to the weather bureau showed that a 48 mile wind, accompanied by many sections by snow and sleet, marked the passage of the disturbance to the sea. At sea its coming had been foretold by storm warnings but reports of steamers driven ashore came quickly from the Virginias on the heels of the warning.

Weather bureau officials said tonight that the wind would diminish in force ashore during the night.
Tomorrow they said, would show generally lower temperatures east of the Mississippi river.

Behind the cold spell, however, warmer weather lurks for the central and southern portions of the storm swept area, the forecast made here today by the bureau said. Within a few days there will be a marked rise in temperature.

INSURANCE POLICY TAKEN OUT FOR 42,500 EMPLOYEES

New York, March 5.—An announcement that a group life insurance policy has been taken out to cover 42,500 employees was made here today by representatives of the Westinghouse interests. The policy is one of the largest ever issued. The scheme of insurance is combined with a savings plan.

HOLLAND AGAIN REFUSES TO HAND OVER EX-KAISER

Latest Note Received by Premier Lloyd George

CONTENTS NOT MADE PUBLIC

(By The Associated Press)

THE HAGUE, March 5.—The Dutch government today for the second time refused to deliver the former German emperor to the allies for trial.

In a note addressed to David Lloyd George the British premier, however, the government promised to take all necessary measures to minimize the liberty of Wilhelm and prevent him from endangering the world's peace.

The second communication from the Dutch government, which was delivered in London this morning, states that these precautions will be taken "on the spot." While Doorn is not mentioned in the text of the note, it is understood that in conversations with the allied diplomats here the Dutch authorities have assured them that close guarding and censorship will be instituted when Wilhelm occupies his estate at that place.

The Dutch government, while appreciating the motives actuating the allies, declares its inability to change its previous decisions. It says it is not forgetful of the inhuman acts committed during the war, but since Holland is not a party to the Versailles treaty, the question of government finds itself in a different position from other powers with regard to these acts.

Since the government's supreme duty is to respect the constitutional laws of the kingdom, the note continues, "it can only emphasize that it would be completely contrary to law and justice and incompatible with the national honor if it consented to violate these laws by abolishing the rights to a fugitive finding himself on Dutch territory."

Protesting that this attitude does not put Holland outside the community of nations, the note declares Holland is fully conscious of the duties the presence of the former emperor places on the Netherlands government with regard to the country's own interests, as well as international security.

The government, the note says, will continue to take all precautionary measures deemed requisite to subject the freedom of the former emperor to necessary limitations.

The Netherlands government says it is anxious to place these declarations in accord with the most formal manner and in conclusion declares it to be its opinion that these declarations which prove that the government realizes the danger which the powers dead will dispel their apprehensions.

SENATE AGAIN DEFERS COLBY NOMINATION

WASHINGTON, March 5.—Action on the nomination of Bainbridge Colby to be secretary of state again was deferred by the senate foreign relations committee today after members had objected to taking any vote until they had more information.

Decision to let the question of confirmation go over was said to have been reached by general consent of both Democrats and Republicans. Senators who were in the meeting said that while no definite charges had been filed, and no formal investigation decided on, it was the general opinion that certain matters should be cleared up before the committee made any recommendations.

WILSON REMITS JAIL SENTENCE

WASHINGTON, March 5.—President Wilson has remitted the jail sentence imposed on John F. Jelke of Chicago, who was sentenced to serve 60 days and pay a fine of \$10,000 for violation of the oleomargarine law. Jelke paid to the government a tax of \$238,000, which was said to be of "doubtful collectability" and in view of his willingness to satisfy the law's demands, President Wilson decided not to enforce the imprisonment sentence. Jelke also paid the fine and costs, amounting to \$40,000.

POULTRY DEALERS ADJOURN SESSIONS

Decatur, Ill., March 5.—Poultry was selected for the 1921 convention by the Illinois Poultry and Egg Shippers' association here today. H. B. Patton of Bloomington was re-elected president and C. L. Hatfield, of Decatur, was re-elected secretary-treasurer.

VICE CONDITIONS IN NEW YORK REVEALED BY DISTRICT ATTORNEY

Systematic Conclusion Between Police and Various Women Charged

(By The Associated Press)

NEW YORK, March 5.—Revelations of organized vice in this city showing a systematic collusion between policemen and various women unparalleled since the days of the Lexow inquiry, were predicted late today by Assistant District Attorney James E. Smith.

The inquiry, which already has resulted in the indictment of twenty-five policemen, promises to involve officials higher up in the department according to Smith.

"I have evidence," he said, "that one commanding officer of the police department was not willing to trust his subordinates in the collection of money from women, and personally sent the women or their representatives in public parks and collected the money himself."

Mr. Smith declared that the inquiry is bringing to light a flagrant and widespread vice ring the members of which are becoming panic stricken. Their efforts to cover up evil conditions, he said, have resulted in an exodus of women and habits of the "tenderloin." He told of frantic efforts to spirit witnesses out of the city and to bring to bear on those in danger of wavering the threatening power of recognized chiefs in crime, some of whom have been appealed to in their prison cells. Both District Attorney Swann and Mr. Smith made it plain they did not indict the police department as a whole but that they were after "vice conspirators" in the departments.

A request for addresses of 500 alleged vice resorts which Mr. Smith has announced are flourishing under police protection was made today by Mayor Hylan.

DIAMOND QUEEN TAKES OWN LIFE

NEW YORK, March 5.—Annette Bonner, who acquired the international sobriquet of "the Diamond Queen," when she was brought back from Paris in 1914 with Joseph B. Kislinger to face charges of large jewelry thefts in New York, ended her life dramatically today by drinking poison as she was being placed under arrest in Kislinger's office here charged with theft of diamonds valued at \$2,000.

"You'll never take me alive," she cried as she snatched a poison pill from her hand bag and swallowed the contents.

Kislinger also was arrested on a charge of acting in concert with a woman in the theft of diamonds from a New York concern and was held in \$1,000 bail. In Miss Bonner's hand bag the police found recent diamonds valued at \$30,000 besides several hundred dollars in cash.

"The Diamond Queen" appeared in the downtown jewelry district as far back as 1911 first buying "on memorandum" diamonds and other gems which she informed the merchants were to be sold to "select customers in society." She showed credentials from diamond merchants in Paris and Rotterdam, and in a few months worth of thousands of dollars worth of jewelry had been established.

"The Diamond Queen" left New York hastily in October, 1913, and after her departure merchants in the Maiden Lane district reported to the police that they missed about 200,000 worth of diamonds. A detective trailed the couple to Paris, where they were arrested. Brought to New York, both were acquitted.

EVIDENCE AGAINST POLICEMAN STOLEN

CHICAGO, March 5.—Dorsey Chambliss, negro policeman, accused in a death bed statement by Bertha Wiebeck, 16 year old negro girl, Kansas girl, may never face trial, despite the fact that Governor Henry Allen yesterday asked Governor Lowden to see that justice was done.

It was discovered today that records in the case, including the death bed statement, had been stolen from the vaults of the county hospital.

Governor Allen charged yesterday that "invisible political influence" was at work to free the negro. The girl said she asked Chambliss for directions and he led her to a negro resort, from which she was later rescued in a police raid.

BOXING BILL PASSES KENTUCKY HOUSE

Frankfort, Ky., March 5.—A bill to legalize boxing bouts in Kentucky not exceeding twelve rounds passed the lower house of the general assembly tonight forty to thirty. The bill provides that all fights would be no decision contests and would be supervised by an athletic board of control of three members appointed by the governor.

MRS. JAY GOULD WILL BECOME FILM STAR

London, March 5.—Mrs. Frank Jay Gould, whose marriage was recently dissolved by the courts in Paris has signed a contract to become a film star with a new British moving picture combination, according to this morning's newspapers. She will receive a salary which is considered phenomenal for Great Britain, it is said.

BERGDOLL MUST STAND HIS COURT MARTIAL, SAYS JUDGE

Refuses to Order Case of Draft Dodger Out of Military Jurisdiction

(By The Associated Press)

NEW YORK, March 5.—Federal Judge Hand tonight refused to order out of military jurisdiction Grover Cleveland Bergdoll, wealthy young Philadelphia charged with desertion from the army in evading the draft law and his court martial will be continued tomorrow morning on Governor's Island.

In dismissing Bergdoll's motion Judge Hand said that it seemed as destitute of merit as "any I have ever encountered."

Harry Weinberger, counsel for Bergdoll immediately announced he would carry the case to the United States supreme court and demand for his client the right of civil trial by jury.

Judge Hand in his decision declared that the machinery of the draft laws had been applied (and could be applied) and that nothing had been presented to impeach the draft regulations.

Mrs. Bergdoll, the defendant's mother was in court sitting beside her son, who nervously tugged at his mustache through the hearing.

Weinberger claimed that Bergdoll, or any other man subject to the draft could defeat efforts of the government to induct him into military service by failing to register or file a questionnaire, or by failing to report for physical examination. He asserted that a trial by jury in the civil courts for a misdemeanor was provided for in such cases; that only upon his conviction could he be drafted lawfully inducted into the military forces and that only then could a court martial board have jurisdiction over him.

PROGRAM FOR SOLDIER RELIEF IS COMPLICATED

WASHINGTON, March 5.—Efforts of the house ways and means committee to formulate a soldier relief program were again complicated today by conflicting views of witnesses and various former soldier organizations into the hearing.

The committee listened to a controversy between S. Lovenheim, chairman of the Rank and File association and Marvin Gates Sperry, national president of the Private Soldiers and Sailors Legion. Lovenheim, answering a question of representative Kitchin, Democrat, North Carolina, concerning money rumors, that Lovenheim was a Socialist and a communist, retorted that Sperry is "controlled" by Henry B. Martin.

Martin, who was present told the committee he had no interest in the organization Sperry represented, but advised on certain economic legislative measures.

Lovenheim's suggestion was that every man who had served be paid \$1 a day with minimum of \$180 and that of Sperry was that a flat bonus of \$500 be granted.

FOREIGN EXCHANGE CONTINUES ADVANCE

NEW YORK, March 5.—Foreign exchange continued to advance today in the face of denials from foremost local and foreign interests of any immediate prospect of European gold imports, even in moderate volume.

J. P. Morgan & Co., financial agents of the British government, here declared they were without any knowledge of such a movement. There were further accessions to the bold movement to South America, but trade authorities believe exports to that country will be small.

Trading in British bills during the day was quite extensive with only moderate transactions in French exchange. Operations were characterized as largely speculative and partly in the nature of short covering.

At its high level of 3.70 for demand bills, the London rate was twelve cents to the pound sterling over yesterday's maximum and 51 cents above the minimum recorded on Feb. 24. After the close of the stock market offerings of bills on London forced the price back to \$3.65 1/2 with variable reactions in French and Italian quotations.

THINKS WILSON WILL BE NOMINATED MUST ASK BOSS BEFORE MARRYING

KANSAS CITY, Mo., March 5.—Nominations of Woodrow Wilson by acclamation at the National Democratic convention at San Francisco was forecast by former United States Senator James H. Lewis of Illinois, in an address before the Missouri Democratic women here tonight.

"Be not surprised," Mr. Lewis said, "if the Democratic convention at San Francisco, despite anything the president wishes, decide that the issue of any candidate must be the things done by Wilson—shall after complimentary ballots to the candidates, name by acclamation Woodrow Wilson as the embodiment of all that the issues of the coming campaign represent."

FRIGHTENED IN DISTRESS NORFOLK, Va., March 5.—

The American Freight Steamship Orient, 3,058 tons net was driven on Willoughby Beach, Chesapeake Bay today and is resting broadside in a precarious position owing to the storm which was steadily increasing in intensity.

DEMOCRATS SEEK WILSON'S VIEWS ON PEACE TREATY

Failure of Ratification of Pact Predicted By Leaders

(By The Associated Press)

WASHINGTON, March 5.—With another failure to ratify the peace treaty impending, Democratic senators decided today to seek personal consultation with President Wilson before the decisive vote is taken. They wished to know definitely how far he would go in endorsing a compromise and also a clear understanding of his view on the treaty as a campaign issue should another senate deadlock force it into politics.

Some Democrats were understood also to wish to know what measures the president would expect congress to take to relieve the country from a war status while a decision at the polls on the treaty was awaited.

Senator Hitchcock of Nebraska, the administration leader today sent a letter to the white house asking that the president talk over the senate situation with Senator Simmons, of North Carolina in charge for the Democratic side of the new movement to negotiate a treaty compromise.

It was indicated however, that the appointment with Senator Simmons, if one were arranged, would be only preliminary to a conference with a committee of senators chosen to take up with him the whole treaty problem.

In conjunction with Senator Watson of Indiana acting for the Republican side, Senator Simmons has sounded out the sentiment of all the senate elements and when he goes to the white house will be in possession of a clear understanding of what the Republicans would accept. The new negotiations have centered about article ten, the hardest nut to crack in treaty controversy, but such progress has been made that the outcome is regarded by many senators as depending now on the verdict of the president.

As the article ten compromise proposal now shapes up in the Watson-Simmons negotiations, it is understood to contemplate a reservation declaring that the United States declines to guarantee the territorial integrity of other league members by means of its army or navy, by boycott or any other method of commercial force or by diplomatic pressure except when congress gives specific and affirmative authority for such a course.

In these negotiations both Senator Hitchcock and Senator Lodge of Massachusetts the Republican side, have been engaged well in the background, but they were understood to have been in close touch with each development.

The new move claimed the lion's share of attention during the day while the senate debate continued.

The only action taken on the floor was the adoption with out change of another of the Republican reservations, providing that the reparations commission shall not interfere with trade between the United States and Germany except by the consent of this government. The vote was forty one to twenty two, six Democrats joining with the majority.

A Democratic substitute by Senator Hitchcock was rejected by the votes of the Republicans and reservation Democrats. In many quarters the decision of the Democrats to go to the white house was regarded as final effort to prevent another deadlock.

Both Democrats and Republicans said privately that the outcome undoubtedly would be affected directly by the president's counsel.

A less serious effort to learn the president's views was made yesterday when a Democratic senator visited the white house. He talked with Secretary Tumulty, but the report he carried back to the senate did not satisfy many of his colleagues.

MILLIONS OF BARRELS OF FLOUR WILL BE SOLD EUROPE ON CREDIT

Plans Formulated by Federal Grain Corporation to Relieve Distress

(By The Associated Press)

WASHINGTON, March 5.—Five million barrels of federal grain corporation soft wheat flour will be sold on credit in Europe soon unless congress authorize \$50,000,000 loan to finance the sales. Julius Barnes, head of the corporation, told the house rules committee today. He said he now had authority to make the sales on credit but hoped the loans would be authorized.

The loans now held at American ports and for which the corporation asks \$10.75 a barrel, is the "cheapest in the world," Mr. Barnes told the committee. He added that "every effort had been exhausted to sell it for cash," but that American housewives would pay higher prices for the hard wheat flour.

"Why are prices of flour going up?" asked Representative Fessenden of Ohio. "The last year crop yield was a peculiar one," answered Mr. Barnes. "There was a small yield of the hard wheat and a big yield of the soft wheat. Flour made of the soft wheat could be obtained for domestic use at all times at the exact reflection of the government guaranteed price of wheat."

"The pressure for a different kind of flour by the housewives led the millers to bid up the prices of hard wheat and flour in the hard wheat price was increased thirty cents a bushel above the guarantee."

Charges of the Spokane, Wash. grand jury alleging wheat price manipulation by grain corporation agents were mentioned. Mr. Barnes said he had asked the department of justice to make a thorough inquiry. The grand jury report was a statement on economic conditions in the Pacific northwest. Mr. Barnes said, and recommended that "the president use powers that do not exist. He added that the corporation had not bought wheat and flour at more than the guaranteed price."

In connection with the flour stocks of the grain corporation Mr. Barnes said the advertising campaign to promote domestic sale of the soft wheat product had failed and that the stocks were "blooming" many American ports. With whom will it deteriorate rapidly, he added. The fifty million dollar appropriation for food relief, he continued, would be used for the sale of the product. Legislation in such a form would encourage other countries to contribute the relief food, he said. Failing the appropriation measure Mr. Barnes asked congressional endorsement of sales on credit adding that he might have to act without such sanction.

Poland and Austria each need 200,000 tons of flour, Mr. Barnes said he had been advised. Other countries including Armenia, Hungary and Czechoslovakia need 75,000 tons, he said.

PRIVATE OWNERSHIP OF MARINE URGED

(By The Associated Press)

NEW YORK, March 5.—Private ownership and operation merchant ships can succeed as well under the American flag as under any other, Edward N. Hurley, former chairman of the ship board, here declared in a state ment made upon the floor of the government owned fleet but said it must not be concentrated in the hands of a few large steamship companies.

He explained that nearly 300 steamship companies now are organized, many of them successful in engaged in foreign trade. By September of this year he added the government's fleet will consist of approximately 1900 steam vessels totalling 11,000,000 ton and if these companies can be induced to take six ships each the problem will be settled.

From his investment standpoint Mr. Hurley pointed out that shipping attractive possibilities even at present tonnage prices. The main reason why American investors can afford to buy the government cargo fleet at present prices, he asserted, is that eighty per cent of it is oil fired, while only five per cent of Great Britain's merchant fleet uses oil and shipping under other flags is worse off.

FIRING REPORTED BY TOURISTS

Madrid, March 5.—Travelers from Portugal report firing at Lisbon, Oporto and Vigo, according to official announcement today. Reports from the front line state bombs were thrown and shots were fired at a military train near Viana do Castelo, 41 miles north of Oporto.

CANADIAN SILVER DISCOUNTED

Minneapolis, March 5.—Canadian silver is being discounted at Minneapolis banks today for the first time in many years. A 20 per cent discount on all silver money from the dominion was ordered by the Minneapolis clearing house association.

HEALTH REGULATIONS FOR C. B. & O. WORKERS

Chicago, March 5.—The general offices of the Chicago, Burlington and Quincy railroad here today announced a "health regulation" by which desk workers are required to spend two five minute periods daily in setting up exercises.

LAW PARTNERS OF NEWBERRY ON WITNESS STAND

Tell of Their Part in His Senatorial Campaign

(By The Associated Press)

GRAND RAPIDS, Mich., March 5.—Paul H. King and Mark T. McKee, law partners and co-defendants in the Newberry election conspiracy trial, testified for the defense today. The testimony pictured the former as campaign manager for Truman H. Newberry, visiting almost every county in the state, composing campaign advertisements in speeding automobiles, dictating letters by the hundred on railroad train and in hotels, interviewing thousands of persons and reporting nightly to the candidate by mail. McKee, on the contrary, disclaimed all campaign activity and said he first found opportunity to work for Newberry when he was asked for that candidate on primary day. King's testimony was not finished and he may hold the stand through tomorrow's session. His last statement was an answer to questions by the government testimony that Richard Fletcher on the occasion of the famous conversation behind the prescription case of William McKeehan's drug store in Flint, said anything about getting executive clerkship or a supreme court reversal of McKeehan's sentence was a denial of the government testimony that Richard Fletcher on the occasion of the Frank Litschert in the Nation-
al Republican writes:
"It is said that the English
people get their ideas of the Uni-
ted States from American movie
films. Doubtless they have the
impression that the country is
filled up with acrobats, bathing
nymphs, vampires and horse-
pistols."

Henry Ford's weekly says that
— In Poland you go shopping
with a bag of potatoes—if you
are fortunate enough to have
them. You give 20 or 25 pota-
toes for a pair of shoes. Em-
ployees are paid in potatoes. A
soldierman completely refurbished
his estate, wrecked during the
war, at a cost of 12,000 potatoes.
It sounds strange, but how sen-
sible it is, after all. A potato
is always a potato, but when is a
dollar a dollar?

NOT THE ONLY ONE
Woodrow Wilson, the historian
wrote of Jefferson Davis's con-
duct as President of the Con-
federacy: "What he did lack was
wisdom in dealing with men, will-
ingness to take the judgment of

others in critical matters of bus-
iness, the instinct which recog-
nizes ability in others and trusts
it to the utmost to play an in-
dependent party. He too much
loved to rule, had too overween-
ing a confidence in himself. * * *
He let prejudice and his own wil-
ful judgment dictate to him. * * *
He sought to control too many
things with too feminine a jeal-
ousy of any rivalry in authority."

WHEN HARMONY PREVAILS

At the meeting of the city
council last night a committee
from the board of education
made a statement about the
sewerage plans in connection
with the new high school build-
ing. There has been some dis-
cussion about the plan in its
relation to the West State street
pavement. It developed that
there is no intention to disturb
the pavement and the board was
readily given authority to pro-
ceed with the construction work.
The significant thing about it
all was the statement made by
members of the board committee
and the city officials, that their
interests are common—that both
are concerned about any possible
damage to the street pavement
and about the success of the
sewerage system.

So long as men directing pub-
lic affairs realize their mutual de-
pendence and so long as all bend
their energies for those things
which are best for Jacksonville
—there can be no doubt
about the right spirit prevailing
—no question about both har-
mony and progress. "Everything
for the good of the city" is a
worth while saying.

VOPE AT THE ELECTION

TUESDAY
The quiet that precedes the
coming city primary election does
not indicate a lack of interest
in city affairs. The election will
be held Tuesday and the ballots

will show the ar-
candidate for alder-
ward. They are: first ward, Thomas
Flynn; second ward, A. E.
Williamson; third ward, John D.
Cain, fourth ward, T. A. Chapin.
These men are all serving as
members of the city council and
when lots were drawn it was de-
cided that their term should ex-
pire in one year. Their work has
been well begun and is unfin-
ished, so that good business sug-
gests their nomination. Voters of
the city, men and women, should
show their interest in municipal
affairs and their approval of the
course taken by these aldermen
by voting at the election next
Tuesday.

It is true that no candidates
have announced themselves in
opposition to these four men, but
that fact should not deter people
from participating in this pri-
mary election and making certain
the nomination of these four
aldermen who are now rendering
efficient service.

THE REAL SOLUTION

OF LIVING COSTS
It is said that the women who
come down from the Pyrenees
mountaining to life nearby vil-
lages are fine examples of industry.
A native woman will come lead-
ing a pack mule with the halter
tied about her arm. On her head
she will carry a basket after the
fashion of her people. Thus her
two hands are free and as she
walks slowly along the highway
to the village she busily knits.
This may be an extreme exam-
ple of industry but certain it is
that the times call for something
of this very kind.

Economists and students of
conditions seem to be of one
mind that the best remedy that
could be applied to present high
prices and difficult conditions
would be increased industry and
so larger production. Taking an-
other look into France at these
same natives there is inspiration
for frugality as well as industry.
The native woman offers for sale
vegetables or fruits from the
basket she has carried. When a
certain amount of money has
been received she places some of
the coins in a purse pocket which
is sewed to her petticoat. Then
if the returns from sales reach
a still higher figure a part of the
fund is transferred to another
purse pocket still more difficult
to reach.

A calendar picture popular
some years ago was of an attrac-
tive woman engaged in putting
away money in her stocking. Be-
low was the legend, "The First
National Bank." Probably it was
the women of the Pyrenees who
inaugurated this custom and so
really established an interna-
tional banking system. Be that as
it may, if men and women of to-
day who complain about living
costs were to pattern after the
industry and the frugality of
these women in France, their
troubles would be quickly solv-
ed.

Rippling Rhymes

By Wait Mason

Glad Tidings.

"With joy let us welcome the
broken, and spring, gentle spring
is at hand. For long weary
months we've been nourished on
sleet and such hideous stuff; the
backbone of winter has flourish-
ed, but now spring is calling its
bluff. The breeze has a scent
that is verinal, suggesting the
tulip and rose; the sun, in its
journey diurnal, is shedding some
heat as it goes. The robin, re-
liable token of springtime, is
seen on the lawn; the backbone
of winter is broken, the season
of blizzards is gone. Yes, March,
as you say, is afflicted with
weather we scarcely can stand;
but then, it is promptly evicted,
it whoops for a day and is can-
ned. Though furnace, still we
are stokin, at times, till the ad-
vent of May, the backbone of win-
ter is broken, hurroo and hurrah
and hooray! And soon we'll be
planting the tater, and mowing
the grass on the lawn; oh, say,
is there ecstasy greater than that
when the winter is gone?"

WILL STUDY POLICE

PLAN AT ROCKFORD
Alderman John Cain and Chief
of Police Kiloran will leave to-
night for Rockford to get some
first hand information about the
traffic ordinance in force there.
The management of the police de-
partment at Rockford and the
traffic rules have been frequently
referred to as examples of effi-
ciency.

In fact, representatives of a
number of cities have been in
Rockford to gain information
about the plans followed there.
It is the hope of Alderman Cain
that he may secure some data
which will be of use here in Jack-
sonville.

The Jacksonville Co-Oper-
ative Society will open Satur-
day, March 6, at 224 South
Main street, with a full line
of groceries.

subject will be "What Shall I
Do With Christ."

Deaths

Myers.

John Myers, a highly respected
citizen of Morgan county, passed
away at the family home north
of Pisgah, March 4, 1920, at 8:30.
He was born at Cayton Yorkshire,
England, Nov. 26, 1843, and came
to America when 25 years of age
and thus has been a resident of
Morgan county about 50 years.
He was a man of honesty and was
known by his fellowmen for his
fairness in every business trans-
action.

After coming to America he
followed the occupation of farm-
ing.

He united with the Durbin M.
E. church during the ministry of
Rev. S. G. Ferree and has been a
faithful member to the time of
his death. The deceased was mar-
ried on Jan. 3, 1871, to Miss
Esther Tunstall of Robin Hoods
Bay, England, who preceded him
in death May 2, 1914. To this
union two daughters and four
sons were born. One son died in
infancy.

He leaves to mourn his loss
Sarah A., at home; Mrs. Thomas
J. Ward of Ashland, Ill.; Fred T.
of Modesto, Ill.; George W., of
Jacksonville and John R., of
Farmington, Ill. Also twelve
grandchildren and two sisters,
Mrs. Annie Ogden and Mrs. Har-
riet Longdale.

The funeral of John Myers
will be held at 11 o'clock Sun-
day morning at the Asbury
church. Rev. Mr. Willard of Pro-
vidence church assisted by Rev.
F. M. Crabtree of Jacksonville,
will have charge of the service.
Interment will be in the Asbury
cemetery.

at Tony Frank's barn, North
Main street.

Frank Crawley, from south of
the city was called yesterday.

MORTON AVE. PEOPLE

OPPOSED TO PAVING

Majority of Residents Believe Im-
provement Would Be Too Cost-
ly This Year.

The hearing of property owners
on West Morton avenue with
reference to pavement there was
held Friday afternoon at the city
hall by the board of local im-
provement with Mayor Crabtree
presiding. The residents of the
street were quite largely repre-
sented. The great majority of
those present expressed them-
selves as opposed to paving at this
time because of their knowledge
that labor and materials at this
time are very expensive.

The conditions on Morton
avenue are different from some
streets in that it abuts the lots of
a number of property owners on
the side instead of in the front.
There is probably a greater
frontage of this kind on Morton
avenue than on any other street
where paving has been proposed.
After hearing the views of the
property owners yesterday the
board indicated that nothing
further will be done at present
time with reference to the paving
project.

SHORTHORN SALE
Friday, March 12; these
cattle can be seen any time
at Tony Frank's barn, North
Main street.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading
Druggist of Covington, Ky., Who Has Made
Special Study of Catarrh.

Says: Inflamed Nostrils
Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostril and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arceine mixed with enough boiled water to make a full pint, of the catarrh in this country would be abolished.

It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arceine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

is the dentrifice that contains the properties recommended as ideal by United States Army Dental Surgeons

Service Star Legion
Met at Library

The Service Star Legion, held a meeting yesterday afternoon in the Public Library. There was a very good attendance of the members. Mrs. Robert Shumaker presided.

Mr. Tiplady, talked to the women on trees, especially the American White Elm. It is the intention of the legion to plant trees along the drive around the lake, each tree will have a tablet bearing the name of a Morgan county soldier.

During the business meeting the charter making the Service Star legion a part of the American Legion was signed.

South Side Circle
Entertained at Luncheon.

Mr. Alex. Platt, was hostess Friday afternoon at a luncheon at Colonial Inn for members of the South Side Circle. About thirty members were present for this event, which was one of the most important in the club's calendar.

A pleasing musical program was furnished during the afternoon by students of Illinois College. Miss Young gave a solo with violin obligato by Miss Forrester and Miss Duncan at the piano.

The election of officers was an important bit of business transacted. The new officers are:

President—Mrs. W. C. Bradish. First vice president—Mrs. T. H. Beckthorpe.

Second vice president—Mrs. Lee Crawford. Recording secretary—Mrs. Fuhr.

Corresponding secretary—Mrs. W. W. Gilliam. Treasurer—Mrs. Grant Graff. Librarian—Mrs. H. L. Griswold.

Club reporter—Mrs. Joseph Jackson.

Shirts for men and boys that give satisfaction at KNOLES'.

FRED WOODWARD IS CALLED BY DEATH

Well Known Resident of City Passed Away Friday After Long Illness—Funeral Services at Central Christian Church Sunday Afternoon.

Fred Woodward, well known resident of this city, passed away early Friday morning at Passavant hospital, where he had been a patient for a number of weeks. The deceased had been in failing health for a much longer period and had been confined to his home on North Church street at frequent intervals during the past eighteen months.

Mr. Woodward was born in this city Jan. 9, 1890, and was the son of Mr. and Mrs. Dexter Woodward. He attended the schools here in Jacksonville and after entering business life was for some time an employee of the Jacksonville Railway & Light Co. He was a member of Central Christian church and the L. O. O. F. lodge No. 243. He was a young man who lived earnestly and well and those who knew him intimately could not but admire the steadfastness of his character.

January 24, 1912, he was united in marriage to Miss Edith Coultais, who survives him together with one son, Donald Fredrick, four years of age. He leaves also his parents, two sisters and one brother, Mrs. E. A. Schoedsack of this city, Mrs. P. B. Burbank, Detroit, Mich., and George Woodward, living in Chicago.

During the long period of his illness, Mr. Woodward preserved a courageous spirit and received the most devoted care from his wife.

Funeral services will be held Sunday afternoon at 2:30 o'clock at Central Christian church, with services in charge of Rev. M. L. Pontius. Interment will be in Diamond Grove cemetery.

NOTICE TO TAXPAYERS

The tax books are now in the collector's office and is a judgment against all parties mentioned therein.

Parties paying on personal tax only, should pay the same promptly and avoid trouble and expense in collecting same. The judgment reads as follows: In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such person.

Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

W. H. WEATHERFORD,
Sheriff and Ex-Officio
Collector

Matrimonial

Williams-Humphrey.

The marriage of E. J. Williams of Virginia and Mrs. Daisy Humphrey of Chandlerville was solemnized at 3 o'clock Friday afternoon by Rev. D. V. Goudy, pastor of Centenary M. E. church, at the parsonage on East State street. The ceremony was witnessed by C. S. Smith and John W. Taylor.

The groom is a mechanic and he and his bride will begin housekeeping at Chandlerville. They have many friends in their home communities to extend hearty congratulations.

Births

Born to Mr. and Mrs. Forest Cunningham a son, Saturday, Feb. 28, at Billings, Mont. Mrs. Cunningham was formerly Miss Marguerite Morrisey of this city.

POLLEY WILL CLIMB

BANK BUILDING TODAY
Polley the Human Fly will climb the Ayers bank building at 3 o'clock this afternoon. The exhibition will be given for the local post of the American Legion. The bank building presents some difficult problems for climbers, but Polley thinks he can solve them.

A Stubborn Cough
Loosens Right Up

This home-made remedy is a wonder for quick results. Easily made and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup pour 2½ ounces of Pinex in a quart of water and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or even a strained mixture of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready made for three times the money. It keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

DON'T FUSS WITH
MUSTARD PLASTERS

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuritis, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50

MUSTEROLE
WILL NOT BLISTER

STOMACH UPSE

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 10c and 25c.

PREPARE TO BUILD NEW CITY PLANTS

Bids Will Be Received for Power and Filtration Plants—High School Sewerage Plans Approved

An adjourned meeting of the city council was held Friday night. Mayor Crabtree presided and the following were present: Aldermen Cain, Chapin, Flynn, McGinnis and Moore. A committee from the school board was given a hearing concerning the plans for high school building sewerage. The plans for the power house and filtration plant were approved and the city clerk was authorized to advertise for construction bids.

Members of the citizens' committee were present to hear the council on the details of the plan for the filtration and power plants as presented by Engineer H. L. Caldwell. A number of informal talks were made. The committee from the high school included T. V. Hopper, Dr. W. P. Duncan and Henry Muehlhausen. Mr. Hopper and Mr. Muehlhausen explained the wish of the board of education to tunnel under the West State street pavement to the sewer which is on the south side of the street car track. The plans for the sewerage and water system of the building have all been arranged with this in view.

Bernard Gause, who has the plumbing contract, explained that a change in plans requiring that connection be made along Court street to the North Church street sewer would occasion the board an additional expense of about \$7,000.

Plans Approved.

When the members of the council understood that the tunnel would in no way disturb the surface of the pavement there was no objection to the plan and the board was authorized to proceed.

Mayor Crabtree said that members of the council and members of the board of education are working in entire unison and for a common end and that all are equally interested in the preservation of the pavement.

Engineer Caldwell had complete plans for the power and filtration plant to show to the council. The building will be erected on the Dunavon lot just north of the present pumping station. The power plant will be located adjacent to the switch, which is soon to be built and the coal bunkers will be on the north side. The track arrangement will make it possible to dump coal direct from the cars into the bunkers. An industrial track will be used in conveying the coal from the bunkers to the front of the boilers.

It is proposed to add two new boilers to the equipment which will be practically fireproof construction. The filtration plant will be located just to the east of the power plant. Both buildings will be practically fireproof construction. After the plans had been explained details they were adopted by a vote of the council and the clerk was authorized to advertise for bids to be received at 10 o'clock March 24.

Light Company Not Opposed.

A number of persons talked briefly. E. H. Gray, superintendent of the Jacksonville Railway & Light Co., said that naturally his company would have liked to secure the business of furnishing the current for light and pumping. He said that he felt the company was in position to furnish current as cheap or cheaper than it is now being produced by the city and thus the city could be saved the expense of installing the plant. Then Mr. Gray went on to say that notwithstanding these views the company did not wish to push a proposal for furnishing current and did not wish in any way to oppose the construction of this plant. He referred to a recent conference with traction officials in Peoria and said the officials recognized that the get-together spirit is dominant in Jacksonville just now and that the company wished to be in accord with this spirit. Further, he suggested that if later on any wish to make inter-company connection between the two plants—that is, for the protection of both in case of breakdown—that his company would be willing to do so.

Altogether it was a harmonious session.

Those present in addition to members of the council were John J. Reeve, H. M. Andre, E. H. Gray, Edward Longman, Dr. E. F. Baker, J. W. Merrigan, Henry Muehlhausen, Dr. W. P. Duncan, Thomas V. Hopper, City Engineer E. M. Henderson, Daniel Sweeney, H. L. Caldwell, Bernard Gause, J. T. Walbridge.

AT THE GRAND TONIGHT

"Parlor, Bedroom and Bath," the clever comedy that is coming to the Grand theatre tonight, has been seen at the Majestic in Peoria for two days this week. The Journal mentions of the cast and says "It is an audience quite spent with laughter and applause which finally leaves the characters to the fate so generously worked out for them."

DR. FRANK WARD TO ADDRESS COMMUNITY FORUM

Sunday evening Dr. Frank G. Ward, one of the deans of the University of Chicago, will speak at the Community Forum at the Congregational church. His theme will be "The Challenge of the Mississippi Valley."

Dr. Ward has achieved a reputation as an unusually fine platform speaker and he is known to a number of local people. The audience at the Congregational church Sunday night will probably be a large one.

CHURCH BROTHERHOOD ENJOYS DUCK DINNER

Men's Brotherhood of Congregational Church Had Duck Dinner Friday Evening—Prof. Scott of Illinois College Made Address.

The Brotherhood of the Congregational church enjoyed a duck dinner at the church Friday evening at 6:30 o'clock. The affair was in charge of Earl M. Spink and A. R. Taylor and no detail was forgotten which would add to the pleasure of the evening. The menu served was a most excellent one and all present did ample justice to the feast.

Following the serving of the dinner Prof. Scott of Illinois College made an address on "The Program of the Church." Prof. Scott's remarks had in them much of value for those interested in church activities and were heard with close attention last night.

Wanted—Girls over 16 for wrapping butter: chance for advancement. Apply to Supt., Swift & Co.

FEDERAL BOARD SAFEGUARD HEALTH OF VETERANS

The federal board for vocational education, realizing that the good health of the disabled veterans is necessary for the proper administration of its many functions, has recently formulated plans to safeguard the health and provide medical care for the men placed in training.

The main purpose of this plan is to keep the men in training. When it is found that a man has entered upon training that is not suitable to his physical condition, upon the advice of the district medical officer he is placed in some other training that will not impair his health while preparing to "come back."

A system of medical follow-up work is extended to all men under the care of the board. In order to determine whether the training given is suitable to the man's disability, periodical reports from the doctor, nurse and board's counselor, or from the man himself, are necessary. Particularly is this true in cases of arrested tuberculosis, where it is necessary to know whether the training being given is likely to result in a return of the disease.

No man will be removed from training because his report indicates improvement in his physical condition; on the contrary it will give assurance that he can complete the training.

Every man is entitled to necessary medical care without charge while in training, but he must apply to a representative of the Federal Board. The Board cannot pay for medical services arranged for privately.

Wanted—Girls over 16 for wrapping butter: chance for advancement. Apply to Supt., Swift & Co.

SIGMA PI SOCIETY IN REGULAR MEETING

Sigma Pi Society of Illinois College held its regular meeting in the society hall Friday night. The following program was carried out:

Declainers—
Smith—Washington's Farewell Address.
Shoemaker—The Job of Being a Sig.
Peters—Our Republic.
Cully—Withholding Aid From Starving Europe.
Essayists—
Thurman—Not Good Enough.
F. Scott—College Loyalty.

Debate.
Resolved, That Illinois College should adopt the honor system as practiced by other colleges in the United States.

Affirmative—Adams, Carter.
Negative—Green, Bronson.
Ability to affirmative, merits to negative.

Lloyd Cully and Eugene Melton were taken into membership in the society.
Morrison V. Orthington gave an interesting talk on Sigma Pi's affiliations with the college.

FEDERAL CONTROL OVER OIL PROBABLE

WASHINGTON, March 4.—Failure of the shipping board to secure bids for even a small proportion of the oil fuel needed for its ships during the year beginning April 1, brought the suggestion tonight that President Wilson might be urged to invoke his war powers to meet the situation. Restoration of full federal control over the oil industry might be necessary, it was said.

Shipping board officials said the fuel situation was very serious. Oil proposals for 24,000,000 barrels they received today bids on 1,500,000 at prices from 76 to 99 per cent higher than last year. Contracts will expire within the next three weeks and the board had a reserve supply for not more than a few days.

"Marketing conditions" was the explanation given by most oil producers for failure to submit fuel offers. Several companies declared their production was already covered by contracts. Oil men at the shipping board's headquarters however, declared the situation could be traced to unsettled conditions in the Tampico, Mexico, oil fields, the principal source of supply.

COLLINS WINS BILLIARD CHAMPIONSHIP

BOSTON, March 5.—Percy M. Collins of Chicago won the national amateur 8.2 billiard championship tonight by defeating David McAndrews, Jr., of Chicago who held the championship in the final game of the tournament at the Boston Athletic association. The score was 300 to 225, in 51 innings.

We Are No Stronger

Than Our Fighting Blood

Physical Fitness Our Sole Reliance

Courage without physical fitness is absolutely worthless. That is why our great army was made up only of men who were without the slightest physical defect.

But there is constant warfare closer home, that you are vitally interested in. It is the warfare of disease against your health, a struggle that is always going on, and one for which you must always keep your system prepared.

And your blood supply is the fortress upon which you must depend. If it is kept pure and free from any weakening influence, the germs of disease cannot find lodgment, but are promptly expelled, and good health is assured.

But you should take no chances with this mainstay of defense. Impurities are liable to creep into your blood and so weaken your system that it is unable to resist even the most ordinary ailments. This means the beginning of an attack which will result in the undermining of your health.

S. S. S., the world's most renowned blood remedy, will tend to keep the blood absolutely pure and free of impurities. This great old remedy, which has been in constant use for more than fifty years keeps the system in perfect condition by tending to purify the blood and cleansing it thoroughly. MISS CUNNINGHAM WEDS G. A. SIMPKIN
Well Known Murrayville young woman is married Thursday—Groom is son of Mr. and Mrs. George Simpkin.
Murrayville, March 5.—A very pretty home wedding was solemnized last evening at six o'clock when Cecile Fern Cunningham and George A. Simpkin, were united in marriage at the home of the bride in Murrayville.
The wedding party entered the parlor to the strains of the wedding march from Lohengrin, which was played by Miss Mary McGee, a member of the faculty of the Illinois Woman's college.
The bride was attended by Miss Edna Osborne of Jacksonville, and the groom was attended by the bride's brother, Harold Cunningham.
Rev. Mr. Bell, pastor of the Methodist church, in Murrayville, said the service using the impressive ring ceremony.
The bride is the youngest daughter of Mr. and Mrs. James K. Cunningham of Murrayville. She received her education at Illinois Wesleyan and Millikin Universities.
The groom is the eldest son of Mr. and Mrs. George Simpkin residing six miles south of Jacksonville. He is a young man highly respected by all in his home county.
The bride was becomingly dressed in embroidered white georgette crepe and carried a shower bouquet of spring flowers. The bridesmaid wore a gown of blue georgette crepe.
The Cunningham home was beautifully decorated with large bouquets of spring flowers, the color scheme being yellow and white.
Following the ceremony an elaborate three course dinner was served.
Among the out of town guests were, Mr. and Mrs. George Simpkin of Jacksonville, Mr. and Mrs. F. McManis of Manchester, Mr. and Mrs. David Clothe and daughter Ethel, of Piper City, Mr. and Mrs. G. M. Cunningham and family of Woodson; Miss Mary McGee, Misses Edna and Elva Osborne, Mr. and Mrs. T. N. Bush and daughter Marie and Carl Simpkin of Jacksonville, Mrs. Edgar Blackman and children of Chicago, and Mr. and Mrs. Roy Clark and family of Murrayville.
The young couple came to Jacksonville after the dinner and left on a short trip to Springfield and Chicago. The bride wore a blue traveling suit.
On their return Mr. and Mrs. Simpkin will reside on the groom's farm south of Jacksonville.
Both young people are popular in this community where they have spent most of their lives and the best wishes of a host of friends attend them.

MISSION CIRCLE MET AT LITERBERRY
Regular Monthly Meeting Held Recently at "Sunshine Cottage"—Baker Family Now Residents of Village—Other Items.
Literberry, March 3.—The Literature Mission Circle, met on Friday afternoon, at Sunshine Cottage, in regular meeting. Program, song, Onward Christian Soldiers, as written by Ira B. Wilson, in "The Kings Message" song book. The president read the 91st Psalm and Mrs. Warren Daniels offered prayer. The treasurer was instructed to send ten dollars from the mission treasury, to A. S. Carman, Financial Secretary of Board of Beneficence, of Baptist church, Chicago, Ill. The following officers for the coming year, were elected:
President—Mrs. J. A. Liter.
Treasurer, Mrs. John Daniels.
Secretary—Mrs. C. A. Beavers.
Chairman of Reading Contest—Mrs. D. K. McCarty. Offering was three dollars. The March meeting will be at Bonnie Doone Cottage, with Mrs. John Daniels, Taylor Berry and J. A. Liter, drove to Beardstown, Saturday in Mr. Berry's car.
Mr. and Mrs. George Baker, of the Alexander neighborhood, have moved into their property on Peoria boulevard, and are now at home to all their friends.
W. W. Young and wife, attended the funeral of Mrs. Wm. Wright at Beardstown, Monday.
Mr. and Mrs. Robin Redbreast, have just arrived at Sunshine Cottage from the south. This little feathered couple are in the habit of coming to Literature every year, to spend the summer.
Mr. and Mrs. John Daniels, have purchased a new automobile and are ready for the summer trips.

Jacksonville stayed in the running for the district basketball championship by beating Girard Friday afternoon by a score of 36 to 22.

This game was easily the feature of the day from a local standpoint and long before the start of the first game Friday afternoon every seat was taken and the crowd overflowed onto the floor. Girard had defeated Franklin by a large score Thursday night and showed an excellent passing game. Against the faster work of the Jacksonville team they did not do so well though they made it interesting for the locals and gave them some hard work.

However, Jacksonville again displayed excellent floor work and some good basket shooting and soon took the lead and at the end of the first half the score was 22 to 12 in their favor. This was gradually increased in the second half until the final gun.

Lucas and Wood again did excellent work on the offense. Molohon who played at center for Jacksonville did the best work we have seen him show this season and sunk four fingers in the hoop before being sent to the side lines for four personal fouls. Green also made a couple of baskets, one of them a sensational shot from past the center of the floor. Ransdell was a stonewall under the basket and Girard's forwards were not very successful in getting in his hands.

The first game Friday morning was between Brigton and Carlinville. Carlinville won by a score of 28 to 23. The game was not a fast one and neither team displayed much in the way of basketball.

Waverly Eliminated.
The second game of the day was between Jerseyville and Waverly. This game was of almost as great interest as the game in which Jacksonville and Pittsfield figured.

Both were regarded as contenders for the championship and they fought hard to stay in the race. Waverly has a comparative young team and the more experienced Jerseyville players finally won out.

It was not, however, without a hard struggle and Waverly was fighting until the final gun and won much applause for her game battle. The final score was 24 to 18.

Bluffs Beats Barry.
The first game of the afternoon was between Bluffs and Barry. The game was rather slow when the caliber of the Bluffs team is considered. The Scott county aggregation did not look nearly as good as they did on the occasion of their appearance here against Jacksonville a week ago last night.

For a time it looked like Barry might put over a victory. In the latter part of the game Bluffs came to the front and stayed there until the final gun. The score was Barry 20, Bluffs 25.

Jerseyville Still Wins.
Jerseyville took on Carlinville in the last game of the afternoon. The Jersey county boys did not look as they have in the last few years. However, they have a formidable organization and it will take a good team to keep them away from the basket.

The Jerseyville team was without the services of Erwin Prewer, Seago fitter into the combination at center and was really the star of the afternoon. The final score was Jerseyville, 36; Carlinville, 22.

The three games at night were not up to the standard of the preceding games as to "heat" and class. The first game was between Griggsville and Virginia.

This was the best game of the evening though it was not a fast game and the players did not display much basketball ability. The teams sawsawed through the

field. One thing is sure the aggregation is a strong scoring one and the team that beats them will have to play basketball all the time.

Jacksonville's Chances.
From indications Jacksonville will land in the final with either Jerseyville or Pittsfield.

This morning at 9 o'clock Jacksonville plays Bluffs. Based on the showing of the two teams so far in the tourney and the result of the game here a week ago last night, Jacksonville should win.

In case the Bluffs game is placed in the right side of the ledger the next opponent will be either Divernon or Auburn. We would guess Auburn. This game will be played at 2 o'clock Saturday afternoon.

Guessing again we would guess Jacksonville as the winner of the game. Then taking another guess we would guess that Pittsfield would beat Jerseyville on what we have seen of both teams in the tournament.

Now what is the next guess. Pittsfield undoubtedly has one of the strongest teams in this section. Yet despite this we have never seen a Jacksonville team look better than this one has in the tournament. In fact the locals seem to have just found themselves.

While Hunter in the game would give Jacksonville a stronger combination, yet Molohon looks better than he has at any time this season. It is going to take a mighty good team to beat Jacksonville if she gets to the final.

Pittsfield may do it but she will need to do better than she did in the game she played Jacksonville some time ago. The scores of Friday's games:

You may choose from a large variety from \$5.00 to \$6.00.

MYERS BROTHERS.

KNIGHTS OF COLUMBUS DOWN OPPONENTS

Visitors Lose by Score of 40 to 18—Knights show improved form Over last game

The Knights of Columbus defeated the Champaign Independent in Liberty Hall Friday night by a score of 40 to 18.

The Knights showed greatly improved form over their work in the game with Girard a few nights ago and looked like a real team.

Proelch was the chief point molder but Rock and Rexroat did excellent floor work and easily outplayed their men. Cain and Clancy did fine work at the guard positions.

Drisko and Moore did the best offensive work for Champaignville. Rexroat kept Leeper well covered and he did not do as well as he did on his former visit.

GREENE COUNTY WOMAN DIES SUDDENLY

White Hall, March 5.—Mrs. Warren Wadsworth died suddenly at 1:30 p. m. Thursday at her country home, three miles east of the city, and the cause of death is attributed to cerebral hemorrhage. She had completed her work incident to the midday meal, and while her husband was out of the house for a few minutes, she was stricken he finding her in an unconscious condition lying on the floor upon her return, and she died before a doctor could reach her.

Mrs. Wadsworth was past seventy years of age, and is survived by her husband, there being no children. Her maiden name was Bowman. She and Mr. Wadsworth came from Montgomery county and were located at Manchester, Scott county, for a brief period before locating in this vicinity thirty years ago, on an eighty-acre farm that has since been their home. She has surviving relatives at Litchfield and Carlinville. Mrs. Wadsworth was one of the grand womanly characters of the neighborhood of Lorton's Prairie, and a leader in affairs of Wesley Chapel Methodist church. Funeral services will be held at the home Sunday at 2 o'clock, conducted by Rev. Leo Howard of White Hall, and the burial will be in the White Hall cemetery.
